

Unit Reflection

- What did you like about this unit? Why?
- What didn't you like about this unit? Why?
- How are you going to study for the summative?
- What obstacles might you have in studying?
- How will you overcome those obstacles?
- What learning targets do you feel comfortable with?
- Are there any learning targets that you still struggle with?
- How will you prepare for learning targets you struggle with?
- What was something that was surprising?
- A science joke related to the unit!

At least 4 questions must be answered in a detailed, complete paragraph written for credit!!

Finally-- Rate your learning on each Learning Target.
